Steinway

- ¶ No signature inscribed across the front of a piano can ever convey such an impression of quality as the words "Steinway & Sons."
- ¶ The reputation of the Steinway piano is so fitted in the minds and hearts of the people of the world that it has become a tradition—a standard or law of excellence acknowledged by all.
- ¶ There is nothing in the Steinway reputation that is not in the piano itself. Its fame rests securely on musical and structural merit and on the exemplary methods of its makers.
