STEINWAY

THE INSTRUMENT OF THE IMMORTALS

【 SERGEI RACHMANINOFF
USES THE STEINWAY EXCLUSIVELY 】

RACHMANINOFF, playing Chopin's C Sharp Minor Scherzo — his instrument lending glamour and enchantment of tone to music that is in itself pure magic. Hofmann, playing a Bach fugue — the clear, brilliant roulades carried to the farthest listener by the instrument he chose long ago to interpret his genius.

Every music lover knows these great moments of music. And as the first chords are sounded, before the genius of pianist and composer sweeps away all details, every true lover of music renders his unspoken tribute to the miraculous singing tone of the STEINWAY piano. For nothing touches the heart of a musician like the superbly clear and delicate treble, the floating golden mezzo-tones, the velvety depth and sonority of the bass.

The STEINWAY is made in numerous styles and sizes to fit the acoustic conditions of your home and the limitations of your income. It is sold at the lowest possible price and upon the most convenient terms. And to all its admitted advantages the STEINWAY adds the definite gift of permanence. It will endure through generation after generation. You need never buy another piano.

Prices \$950.00 and up .
