THE PIANOS ARE STEINWAYS

Courtesy Sherman, Clay & Co.

Willem van Hoogstraten Writes of the Steinway:

The Steinway Piano is an orchestra in itself. It has a tonal quality peculiar to itself which is especially emphasized in passages where the orchestral fortissimi would tend to entirely eclipse the tone of an ordinary piano.

An Investment in Integrity

A long roll of the most famous pianists since Liszt and Rubinstein have chosen the Steinway for use and ownership. Singers, directors and musical celebrities have bought it, used it, praised it. Its supremacy is unquestioned, its superiority recognized.

The explanation is simple: a determination to excel. This governing principle of Steinway manufacture was formulated by Henry Steinway. Four generations of the Steinway family have maintained and strengthened it. And this unbreakable rule of excellence has established a bond of confidence, without parallel in business history, between the Steinway and the public.

It is made in numerous styles and sizes to fit every home and every acoustic condition. Each is made under the personal supervision of the Steinway family.

STEINWAY UPRIGHTS \$950 AND UP; GRANDS FROM \$1475
Used pianos accepted in partial exchange. Convenient terms.

—and Here is an Interesting Fact to Remember!

Sherman, Clay & Co. are always ready to buy, for cash, a Steinway Grand Piano that has been properly cared for. The demand for used Steinway Grands is permanent and unfailing.
