STEINWAY

the instrument of the immortals

Many a man who has invested in a Steinway for the sheer joy of owning it has lived to congratulate himself for his children's sake. For there is no other piano, anywhere, with such purity and beauty of tone to train the childish ear . . . such delicacy and lightness of touch for training childish fingers.

You may purchase a new Steinway piano with a small cash deposit, and the balance will be extended over a period of two years. Used pianos accepted in partial exchange.

Prices: uprights \$950 and up; grands from \$1475.

Exquisite art models and custom-built models also available.
