STEINWAY

The Instrument of the Immortals

Let your choice, if possible, be a STEINWAY. There is no other piano of quality more enduring—of distinction so immediately recognized.

Sherman,  Clay & Co.

In speaking of The Steinway JOSEF HOFMANN says:

"I consider the Steinway Piano absolutely unique in that it combines the production of sound, from the softest pianissimo to the greatest forte, with an extraordinary perfection of action. The Steinway seems to defy the laws of acoustics and allows the daintiest runs in a Chopin nocturne to be immediately followed by a thunderous forte in a Tannhauser overture-transcription. Therefore, as long as I have the privilege to play on a Steinway I can justly say—to use the much-abused though expressive term—"I should worry!"

There is no reason why any music-loving home should lack its Steinway Piano. That you may have a STEINWAY immediately, for enjoyment beginning at once, we announce that during the month of February we will place any STEINWAY GRAND PIANO in your home for as little as \$100.00 down and the balance spread, in economical, convenient payments, over a comfortable term of years. Your present piano will be taken in partial exchange on the balance.
