The Sorenson-Howard Trio

May I be allowed to say, in the name of the Program Committee, of which I have the honor to be chairman, that every effort is being made to present only the highest type of music in this series of concerts. They represent a cooperative attempt of musicians in general to improve the present musical conditions, and are therefore deserving of all support possible from those who have at heart the reputation of musical Portland.

J. HUTCHISON, CHAIRMAN of Program Committee
