MALE CHORUS AND ORCHESTRA

Tiefnächt'ges Dunkel decket den Pla-  
net,  
An den wir Sterblichen gebannt,  
Ein dichter Nebel liegt darüber hin,  
Als Schleier ausgespannt.  
All die Gestirne, die so weihevoll  
Der Erde sonst gespendet mildes  
Licht,  
Der holde Mond, das ganze Sternen-  
heer  
— Das Auge sieht sie nicht —  
Kein Laut vom Leben, das die Erde  
birgt,  
Vom Sein und Wesen keine Spur.  
Nur tiefes Schweigen waltet,  
Starr und tot liegt die Natur.—  
Da — plötzlich sieh, im Osten zuckt es  
auf,

Ein Funke, der alsbald zur Flamme  
loht,  
In wunderbarer Pracht, am Firma-  
ment  
Erglänzt das Morgenrot!  
Und aus den goldnen Fluten taucht  
empor  
In mächt'ger Majestät ein Feuerball—  
die Sonne! —  
Die Sonne, deren warmer Strahl  
Erhellt das weite Weltenall. —  
Der Nebel sinkt, und was die Nacht  
bedeckt.  
Hellauf, hellauf, die Morgenfrische  
lacht.  
Aus tausend Stimmen schallt es laut  
empor:  
„Die Erde ist erwacht!“
