STEINWAY

The Instrument of the Immortals

STEINWAY has given America the world leadership in piano making, growing better-loved and greater in service to music every year.

There is no reason why any music-loving home should lack its STEINWAY Piano. A great many people have discovered that limitations of income need not prevent their owning a really fine piano.

Pay for it at your leisure but enjoy it now. It is possible to obtain a STEINWAY with a small initial payment, and the balance extended over a period of two years.
