DOUBLE DRYHOP

HPOLOGY 101

Straight out of the science lab at Hopworks Urban Brewery, we bring you our IPX Single Hop Series. This year's offering features the Cascade hop, a Northwest classic since 1972. Cascade hops are known as an excellent aroma hop, imparting grapefruit and floral notes.

ORGANIC

DOUBLE DRYHOP IPX

ALC. 6.0% BY VOLUME

14 DEGREES PLATO

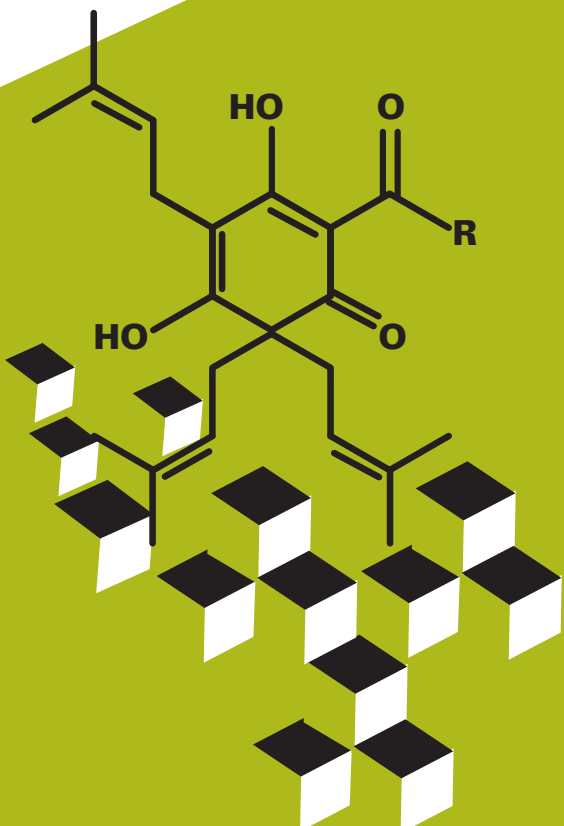

60 IBU

RING: Class is in session. **ASSIGNMENT:** Organic Cascade hops. **MATH:** Hopworks' unique Double Dry Hopping process multiplies the Cascade's signature citrus flavor and piney aroma. **HISTORY:** With 40 years in production, the Cascade hop is almost single-handedly responsible for the signature NW craft beer flavor. **ORGANOLEPTIC SCIENCE:** Look, sniff, sip, exhale through your nose (the aroma, not the beer) and repeat. You passed. Congratulations!
