Volume 1, No. 12

VANPORT CITY, OREGON

August 1, 1947

VOICE

MAY

DIE

Unless Vanporters take a more active interest in the VOICE, it may not be able to continue. There is a distinct need for more adult participation as well as for help from Vanporters of all ages.

Copy Editor is needed. Qualifications are the following: an adult who can spend two to three hours one evening or afternoon a week writing and re-writing copy. (Although the VOICE office hours are 8:30 to 5:30 Monday through Friday, arrangements can be made to use the office evenings if necessary.)

Make-Up Editor. Must be able to set up the page dummy in a neat style. Time: Four hours an afternoon or evening once every other week.

Assistant Editors (2). Will assist editors in typing dummy in a neat style. Time: Four hours an afternoon or evening once every other week.

Circulation Supervisors (12). To supervise one of the 17 areas in Vanport. Teenager or adult. Most areas cover about 300 apartments.

Messengers (40) To deliver the VOICE under direct supervision of a Circulation Supervisor. Ages--6 to 12. Messengers who prove their faithfulness are awarded canvas bags stenciled with "The VOICE of Vanport."

Typists (3). To type copy for the VOICE. Four to five hours every other week. Must be a qualified typist who can type accurately.

Advertising salesmen (6). Men or women who can contact local business firms for advertising. In order to survive, the VOICE must be completely financed through advertising. Advertising rates and contracts (mimeographed) are available in the VOICE office.

Assembly workers (25). Anyone 14 or over who can help assemble, staple, and count

the 6,000 copies of the VOICE. During the summer, the VOICE is being assembled in the afternoon; but in the fall and winter, the work is done evenings. The July 18 issue was assembled in two days by a staff averaging four persons, and was circulated primarily by these four persons as well.

Circulation Manager. An adult who will supervise circulation of the VOICE. Four hours--afternoon the VOICE is distributed (Friday) every other week. Should see that all supervisors are notified to come to the VOICE office the day of distribution, and that all areas are covered.

Reporters - every Vanporter. Since Vanport is difficult to cover in the ordinary manner, all Vanporters should be familiar with VOICE deadlines and bring the news in. (the next one is August 4.)

So you see, it's up to you! If you are really interested in having a paper in Vanport (a VOICE, that is!) come in and volunteer your services. Otherwise, it will not be able to continue. No, there's no pay given you for working on this community project, but it's excellent experience and lots of fun. Come in and see for yourself.

ELLIOT FORBES TO APPEAR AT VANPORT THEATER

In an effort to arrange an outstanding educational hygiene program that will win the praise and approval of everyone, Manager Gilbert Rebe of the Vanport Theater has obtained the noted radio hygiene commentator, Elliot Forbes, to appear in person--on the stage, during each performance of the picture "Mom and Dad", the engagement of which opens August 4.

Mr. Forbes, who is best known to radio listeners in the Middle West, Southwest and West coast areas because of his network broadcasts on health and hygiene subjects, should prove an interesting addition to the theater's screen program.

Although not a rapid-fire talker, Forbes packs a vast quantity of hygienic information into his 15-minute appearance as well as considerable humor and stories. He has one of radio's finest commentator voices.

The VOICE is published every other Friday under the auspices of the Housing Authority of Portland, Oregon. It is edited, produced, and distributed by tenants of Vanport. All copy must be in the Friday noon previous to publication. Circulation is 6,000. Advertising rates will be furnished upon request. Classified ads are 25¢ a line.

SAFETY WITH MATCHES

Children playing with matches have caused more fires and personal injuries at this time of the year than at any other. A few helpful hints follow:

The match is perhaps the most valuable and the most dangerous article made by man. It has been in use for a little more than one hundred years, but think of trying to get along without it! It is said that more matches are sold in the United States than in all the rest of the world. More than 850,000,000 matches are used in the United States each day; or to put it another way, nearly six hundred thousand flames are struck every minute on the average. There will be no danger if you are always careful when using them.

Children should never be permitted to have matches.

Matches should be stored in metal containers out of the reach of small children.

Do not carry matches loose in pockets or leave on tables or stoves.

Always strike matches away from you.

KEEP YOUR EYE

ON THE SKY

AIR FORCE DAY

August 1, 1947

THE MAILBOX

Dear Editor:

According to Oregon law, homes must be approved to take care of other people's children. A home caring for four or more children who are not brothers and sisters becomes a Nursery School and must be approved by the County Health Department. Homes caring for three or less children must be approved by the local Welfare office.

Vanport tenants wishing to care for children in their apartments should see me or Miss Rifkin of the County Welfare Office for further information.

Sincerely,

Ruth Watson
Project Services
Vanport Administration Bldg.

YOUR STOVE NEEDS PROTECTION!

DID YOU KNOW: That salt on the element can burn it in two?
That spilled solids or liquids ruin the element?
That pulling the stove plug may prevent a fire while you are away?

That your **COOLED** stove can be easily cleaned with a damp cloth? (Caution--do not touch the element!) That the stove electrical outlet is not a regular outlet? Overloading it is dangerous! That stoves can be repaired the same day in the Housing Authority Maintenance Department if brought in before 4:00 p.m.? That the stove is Government property and must be repaired by the Housing Authority only? That you can save money, time and equipment, if you care for your stove properly?

FLORENCE MILLSAPS SPEAKS TO PRESS CLUB

Florence Millsaps, editor of the Journal employees' paper, "Ours Ahead," was a welcome visitor at the Vanport Press Club meeting held July 22.

Miss Millsaps gave suggestions, offered advice, and cleared up many questions the staff had on running the VOICE. She also related some of her experiences in newspaper work.

Press Club members were very enthusiastic about Miss Millsaps' visit, and are looking forward to meeting other guests that will be sponsored by the Press Club.

A heavy foot on the gas,
A loose bolt in the brake,
Now his relations are holding
An old-time Irish wake.

J.R.

PERSONALS

Clyde Easterly, 10407 Island, Apt. 6095, who has been visiting friends in northern California, is in Vanport for a few days. Co-workers on the VOICE were happy to have Clyde back even for a short while because when it comes to assembly and circulation, he's a real specialist.

Mr. and Mrs. J. H. Rawlings, 10607 Force, Apt. 6930, were visited by Mrs. Rawlings' aunt, uncle and cousin, Mr. and Mrs. E. L. Thompson and son, Wilbur, of Minneapolis, Minnesota.

Mr. Thompson is District Manager for Chamberlain Metal Weatherstrip Co. in the Minneapolis district.

Private Dale W. Berglund, son of Mr. and Mrs. Knute Berglund, 2002 Cottonwood, Apt. 349, was home on fifteen days' leave recently. Pvt. Berglund enlisted in the Army Air Force October 11, 1946, and is now stationed at Ft. Warren, Wyoming.

Friends of Cheryl Brown will be interested to know that she is living in Arizona this summer, and plans to attend Columbia University this fall.

Mr. and Mrs. Jules A. Mariani 10510 Island, Apt. 6278 received word from their son Jules A. Mariani who is stationed in Honolulu where he has just been made Corporal. Jules graduated from Benson Tech in June 1946, where he played football. He enlisted for active duty September, 1946 and likes the Army very much. He is now attending Fire Fighter School at Honolulu.

Mrs. Armas Rankin of 3207 Broadacres, Apt. 5540 went down to California to see the giant redwoods. She went to the "House of Mystery" and to the "Trees of Mystery". Says Mrs. Rankin, "You have to see it to realize how beautiful it is." Traveling with Mrs. Rankin were her son Gordon and granddaughter Linda.

Mrs. F.G. Weed will leave for Chicago, Connecticut and New York for one month starting for the first of August and will return after Labor Day. She will travel with her mother, Mrs. Emmy McCloure, and her daughter, Bonnie. During Mrs. Weed's absence Mrs. Lona Thompson will substitute as librarian.

Ronald Johnson, 2005 Cottonwood, Apt. 1690, attended a party-picnic at Seaside Sunday, July 20, given by the Oregon Journal for carriers who had sold five subscriptions to that paper.

Thirteen special buses provided by the Journal took the boys to Seaside where they swam, ate at the Elderberry Inn, enjoyed the carnival rides, and came home tired but happy, according to "Ronnie."

VOICE AVAILABLE AT LIBRARY,
AD BUILDING

If you want an extra copy of this week's VOICE, you can pick one up at the Vanport Library or at the Information Desk in the Administration Building.

Copies of back issues are available in the VOICE office, Community Bldg. #1, Force and Broadacres.

SOCIAL EVENTS

QUEEN GEORGENE WEDS

To the strains of Lohengrin's Wedding March Queen Georgene E, 1947 Ruler of Rosaria received Ray Patterson as her husband on Sunday, July 20 in Portland.

The Queen's attendants were the eight lovely princesses of Rosaria, her two sisters and two pretty maids-of-honor.

Dr. Raymond T. Walker performed the rites.

The bride wore her Queen's robe with a lovely finger-point veil held in place by a lace crown. The princesses wore their pink "princess" gowns and the maids of honor were dressed in green formals, large picture hats and carried pink gladioli.

The reception following the ceremony was attended by about 500 guests. The cake was a five layer one decorated with white candy roses. The punch bowl was uniquely carved out of ice and there were about six attendants in charge of serving this and other refreshments.

'TODDLER' ENTERTAINS

Celebrating the advent of her second year, Juanita (Peanuts) Garcia entertained her family and friends at a dinner given in her honor by her parents at their home, 78 N. Cottonwood Avenue, Saturday July 19.

Seated on her throne (a new highchair) Peanuts had (1) Boston Cream Pie to do with as she pleased.

On hand to help with the celebrating were an aunt and uncle, Mr. and Mrs. Frank Gomez, of Vancouver, Washington.

Sports fans will see Papa Gomez in the ring (around the northwest.) The popular boxer from Denver, Colorado has fought many times in this area. He goes by the name of Ray Garcia.

MOON GLOW DANCE

On the night of July 19th the Teen Age Club sponsored a dance. The affair was held in the Gym of Rec. Bldg. #1.

The hall was decorated in summer pastels. The accepted attire was 'semi-formal'.

In case you don't get what "moon glow" meant, the definition is as follows: during the dance the lights go out two or three times and the fellows do the rest.

The dance was to inspire new members to join the club. Why don't you?

"SQUEAKY SEZ"

Enid Jones and Squeaky Robinson, two staff members of Community Bldgs. 1 and 5 went fishin' over in Vancouver, Washington last month. (Squeaky didn't say it--but Miss Jones reports that the great fisherman Squeaky let her 'outcatch' him.)

COLLEGE SUMMER SESSION DOUBLES

At Vanport College this summer there are 460 students, Dr. Stephen E. Epler, Dir., announced--nearly twice as many as last summer. This year there are 76 classes offered to last year's 14. "More students seem to take an interest in Social Science", Dr. Epler stated.

Vanport College has seventeen classrooms at present. It has a book store of its own, and a local eating place known as the College Inn.

Honor students from Vanport for the spring term are Jack Coleman, 10610 Lake, Apt. 8581, Idamae Fouson, 3202 Broadacre, Apt. 3962 Glen Houchen, 11235 Lake, Apt. 7980 and Robert Murray, 10821 Lake, Apt. 7629.

ICE TRUCKS INSTALL 'PHONES

Telephones are being installed in several Arctic Ice Company trucks so that the office can expedite calls from customers, Art Harding, owner, announced recently.

The local ice company is giving all Moore Dry Kiln employees free ice while they are on strike, according to Mr. Harding. He further stated that the company will furnish other strikers with ice if they will call TYler 0514.

BLACK-LIGHTING FAVORED

Community Building #1 has been conducting some experiments with black-lighting at their dances. The crowd says "keep repeating".

CLASSIFIED ADS

FOR SALE: Play pen, baby buggy, and training chair--like new. 10916 Lake, Apt. 8332.

ODE TO THE BAKER

By Bill Ballenger

(Dedicated to George D. Inglis)

A baker's day is never done,
 He works from dawn 'til setting sun,
 Then in the morning at the break of day,
 He begins his baking the same old way.
 First comes the scaling of different flour,
 And a glance at the clock for the coming hour,
 Then to the bench where he rolls his bun,
 Then to the oven where it bakes 'til done.
 Then from the oven where it lays to cool,
 (From the look of the buns, the baker's
 no fool.)
 To be a good baker he's got what it takes,
 To have a good bakery, he gambled with
 stakes.
 If you have lots of time, come look at the
 place,
 You'll meet some nice people with smiles
 on their face,
 To look at his work you would think he's a
 faker,
 But you've got to be good to be a good
 baker.

COOK'S CORNER

by Bill Ballenger

Cake is a baked batter made from sugar, eggs, and shortening, milk, flour, and chemical leavening mixed together in such a way as to produce a fluffy, fine and creamy baked product. In order to make cakes satisfactorily, it is first essential that the action of the ingredients used be known.

Milk plays a prominent part in cake making, especially in white and yellow layer cake.

In devil's food cake, the milk solids are not so desirable due to the fact that the lower caramelization point of the cake batter has a tendency to effect the crust color of the finished cake.

If the color of the finished cake is not important, milk can be used very satisfactorily. But it is much easier to obtain a red color in devil's food cake without the use of milk solids.

If the sugar is not dissolved by the liquid milk, a spreading action results during the baking period causing the structure of the cake to overstretch and the finished cake to collapse in the center.

When too little milk is used in the cake batter, there is not enough liquid to gather the gluten in the flour and thus obtain the desired structure.

VEGETABLE GARDENS
A GROWING SUCCESS

Despite moles, worms, weeds and poor soil, the vegetables have pushed their way to maturity. Of course, efficient gardeners helped, and they are now reaping their reward in peas, radishes, carrots, and other vegetables. Two late summer gardens are being planted, one of which is already peeping through.

The residents furnished their own seeds, tools, and energy. Housing broke and disced the area and is furnishing water and hose. Credit for the success of these gardens can also be given to other residents who have helped to protect the gardens from dogs and children.

The gardens are one highlight of many enterprises instigated and completed by the residents themselves. Each gardener is looking forward to an even better year in 1948.

(Cont. from page 1)

"Mom and Dad", a new Hollywood release with an all-star cast, will be presented three times daily. Due to the delicate nature of the subject matter in some of its medical sequences, it is not for grade-school age children, and is shown to segregated audiences only.

The local theater will have two performances for women only and high school-age girls each day starting at 2:00 p.m. and 7:00 p.m. One performance each evening will be for men only and high school boys, beginning at 9:00 o'clock. Each performance lasts two hours.

ARMY TALK

"The Army today accepts only the top 60% of applicants for enlistment," announced M/Sgt. Langworthy of the Vanport U.S. Army Recruiting Service, in a press interview this morning.

Releasing enlistment figures to the public for the first time Sgt. Langworthy explained that an applicant for enlistment in the new Regular Army must pass two rigid mental tests and a complete head-to-toe physical examination, before the Army will accept him. During the month of May, 1947, the Oregon Army Recruiting District, which covers the entire state of Oregon and part of the states of Idaho and Washington accepted only 72% of those men who wished to enter the Army. On a nationwide scale, the Army, on an average, has rejected 20% for failure to pass the mental tests; 11% who could not meet the physical requirements; 6% for moral or substandard, administrative reasons. Compared to the national average, the men of this area represent a much higher type of applicant, since 9% more of them passed the Army's screening process, than succeeded in the rest of the country.

The reason for our selectivity is twofold; the effect of our soldiers must have on the other nations and the needs of the most scientific Army in the world for highly trained personnel. Our soldiers represent everything

LITERARY LIMELIGHTS

The Vanport Library has a new "page" girl, Betty Strong.

New books in the library are: an automobile engine encyclopedia, Gunther's "Inside USA", "All the Kings Men" by Warrner, "Tin Flute" by Roy, Hobson's "Gentlemen's Agreement", "Jed Blainne's Woman" by Wells and two copies of "The Egg and I" by Betty Mac Donald.

Please return all books before leaving on your summer vacation.

(Cont. from Column 1)

that is America to millions of people who judge democracy by the way our soldiers perform their jobs."

This careful selection of all applicants for enlistment has made it possible for the U.S. Army to accomplish successfully missions which would otherwise require many more soldiers than the Army now has at its command. An outstanding example is the occupation of Japan, where American forces are the smallest, per capita in world history.

"Lately, the rate of rejection in this area is decreasing, since most of our applicants today are high school graduates, who are anxious to obtain the benefits of the G.I. Bill of Rights as well as the Army training. Those who have good scholastic records and have participated in some form of sports activities, usually stand every chance of passing our examinations."

'HOME ON THE RANGE'

If the 'Canning season' evokes nostalgia for a good ole full-sized range with bubbling caldrons of aromatic fruit or berries cooking on all four burners, you are invited to use the stoves at Community Buildings #1 and #5. For further information call Tyler 0180 Ext. 56. Stoves are available for canning, baking or roasting.

DANCE TONIGHT #5

Another "Good Time Dance" at 9:00 p.m. tonight!
Building #5 is the place.
The cost of admission is the same as the previous dance. (It was 74¢.)
It is hoped that the "Western Kings" will provide the lilting refrains again.
Proceeds will benefit the Craft Club.

STILL TIME TO MAKE A SPLASH

One hundred and ninety-three Vanporters have signed up and been accepted for swimming instruction.

Biggest 'Splash' to date was July 18th when One hundred and twenty-five filled the Pier Park pools.

Clyde Bassett and Robert Springer are at present leading the boys in ability while Gloria Sinderson tops the girls.

Twenty-six swimmers have qualified for intermediate instruction. All others are beginners.

A standard routine of instruction is used by Miss K. Grant of Portland parks for beginners. They are advancing rapidly and some are already working on their qualification swim (one length of the shallow pool) for their intermediate rank.

First task for intermediates is six widths of the deep pool at the shallow end-- then a climb down each ladder to the bottom of the pool. This is followed by six jumps into the deep end of the pool from the deck and then six jumps from the board. After this the intermediate is given instruction in proper form in diving and the various strokes in swimming and is encouraged to swim greater distances.

(Cont. in Column 2)

TALENT GROUP TO ENTERTAIN SHUT-INS

A unit from the Vanport Talent Group will put on an hours entertainment at Barnes Hospital Tuesday evening, July 29. This will take the form of a variety show. Acts will include Singing, dancing, acrobatics, instrumentals, and bits of magic. Mildred Miller will direct the activities.

MOVIE REVIEWS

By Baker & Merrill

Music and merriment are the passwords to "Copacabana", the fabulous night spot story of a girl with a double identity.

Carmen Miranda as the Brazilian Bombshell, "Carmen," accepts a job at Copacabana, owned by Steve Cochran. She then changes personalities and becomes "Mlle. Fifi", the French torch singer. Steve likes both of them without knowing they are one person, and hires Carmen, no, I mean Fifi, no I---Oh, shucks, go and see it. It's funny. Gloria Jean, Andy Russell and Groucho Marx add to the enjoyment.

Two oldies revived recently are "The Westerner" and "Thief of Bagdad." No doubt you have seen them years ago, but they are review-worthy. Gary Cooper has the title role in the former, a yarn about a badman's lifelong crush on Lily Langtree.

The "Thief of Bagdad" is portrayed by Sabu, well known for his Jungle pictures. June Duprez is the sultan's daughter, and Conrad Veidt is the villain.

P. S. The Genie of the Lamp is there, too.

For all-around entertainment, we recommend "The Trouble with Woman". It has in its cast three fine artists. They are Teresa Wright, Ray Milland, and Brien Donlevy. The story deals with a professor who is writing a book on the trouble with woman. It's hilarious.

ANNOUNCEMENT

Do not forget
the tap dancing
and acrobatics
classes held in
Community Bldg #1
each Thursday
afternoon.....

MORE SPLASH

(Cont. from Col. 1)

A.E. Douglas, Coach of the Intermediates and advanced swimmers is anxious to have the students master their 4 basic strokes:--crawl, breast, side and backstroke so that more complex procedures of water safety and life saving can be taught.

Swimming will continue every Monday and Friday. Busses will leave Bldg. #1 at the corner of Force & Broadacres at 8:30 and return swimmers to the same place at 10:30 a.m.

All that is necessary to attend classes is a 'blue slip' from Mr. Douglas (any afternoon at Comm. Bldg. #1) signed by parents and 20¢ for bus fare--a swim suit, and for girls a cap.

Oh yes,--ADULTS are welcome!
Instruction is free to all.

Sports-Recreation

PLASTICS! PLASTICS! PLASTICS!

If you want to make a zipper pull, a bracelet, bar pin, vase, lamp or tray--a picture frame, book end, or any other lucite or plexiglass article or gadget, come to Comm. Bldg. #1. There you will get help.

Any afternoon at 2:30 or at 7:30 on Wednesday or Thursday evenings and ask for Mr. Douglas. He will gladly show you how to fabricate, bind, cement, carve or color the clear, translucent or opaque material and will tell you sources of supply and even help you get the material. No charge for instruction. You pay only for what you use and even get a discount on standard prices.

It's a 'good deal' --better look into it!

WORKING PARENTS MAY USE CHILD CARE CENTER

Working parents may enroll their children in the School Age Recreation Group at Comm. Bldg. #1. The service is sponsored by the Vanport Public School System under the Child Service Center Department.

Your child will be well-cared-for and given an interesting educational-recreational program.

A nominal fee is charged, and this adjusted to parents' income.

Register your child at the nearest nursery or the Child Service Center.

AVC CARNIVAL HELD TONIGHT AND SATURDAY

A '47 Packard seen around Force & Victory is the feature attraction at the AVC Carnival being held August 1 and 2 at the Portland Armory.

This is the second annual AVC Carnival and the proceeds will go to a program of services to veterans. There will be free dancing to a top local orchestra and plenty of carnival games, according to Merle Meacham, Vice President of the Portland Area Council of the AVC. There is no admission charge, and the Vanport bus goes right to the door.

The AVC chapter in Vanport extends a special invitation to all its many friends to "Come and have a bang-up time", Mr. Meacham said, "as this promises to be a bigger and better time than last year."

COMING EVENTS IN OREGON

Coos Bay Pirates regatta, Coos Bay, Aug. 2-3
Flax festival, Mt. Angel, Aug. 8-10
Shakespearean festival, Elizabethan theatre, Ashland, August 9-18.
Crook county pioneer picnic, Prineville, Aug 3
Tillamook county fair, Tillamook, Aug. 13-16

MEETING NOTES

Vanport Sportsmen's Rod & Gun Club

Well, folks, this club has been organized for about a year. It was organized by Vanporters for Vanporters. This club was organized to furnish an opportunity for those interested in hunting and fishing and to assist in a small way in the protection and propagation of game and fish in cooperation with other clubs of similar interest in the state.

Game laws and regulations are not meant to deprive us of our rights to hunt and fish. They are necessary for the management of our game and fish supply for the benefit of sportsmen.

The game and fish are ours, so let's not infringe upon our personal rights by violating these laws.

Now we are talking to the fellow hunter and fishermen in Vanport. What have you fellows done to assist your local organization? Some fifteen or twenty men have tried to start something in the way of a local club but there are any number of local residents that use the rod and reels as well as try their luck with the guns occasionally around these parts, but what have you fellows done to assist those who are trying to do something about our mutual problems in an organized way.

The general object of your local club is to assist in the management, protection and propagation as may be deemed necessary and proper through cooperation with other clubs and recognized state management. It is hoped that through this cooperation it will be possible for us to look to the future that our posterity will continue to enjoy these natural resources.

The club is holding it's annual election of officers August 7, 1947 and anyone who is interested in conservation of our wild life may attend our regular meeting this coming August 7 at Recreation Center #1, Force and Broadacre at 8:00 p.m.

A conservationist is a good sportsman and good sportsmen support their local organizations.

HOW MANY OF YOU ARE GOOD SPORTSMEN??

PLAYGROUND #3

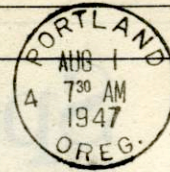

Office - 10517 Force, #6812

Open daily, Monday through Friday, 10:00 a.m. 'til 8:00 p.m. or later for general activities for all children 6 and over and all adults.

Free full length movies every Tuesday at dark. Folk dancing every Wednesday at 7:30.

Badminton, volley ball, horseshoes, softball, little crafts, excursions.

Come to see us---!
