

MANUFACTURERS OF  
FLAGS, BANNERS, BADGES, BUTTONS  
AND LODGE REGALIA.

# Pacific Regalia Co.

ESTABLISHED  
1895

PORTLAND, ORE. Feb. 29. 1904.

205-207 FIRST STREET

My dear Mr Dosh,

The Lewis & Clark people have got 50,000 buttons from Newark, N.J. which could just as well have been made here. I have a certain letter from Mr Goode in which he claims to give home manufacturers the preference. Now I would have made just as good or better buttons for less money had they given me a chance to bid on them. Doubtless there was a graft in it. I am having a facsimile of Goode's letter made and propose to send copies together with certain facts to every merchant paper and others interested also to every congressman and senator, and I propose to fight this thing not so much for that particular order but for the principle in it. It is a d--d shame that they send Oregon money east when it can be spent at home and build up our own state.

I shall also interest the labor unions and propose to either win or die right in this ditch.

The purpose of this letter is that in view of your position and the interest you have shown me in the past I am willing to talk this over with you provided you intimate a desire to do so.

Very sincerely yours

*I will not come to New Lewis & Clark Office,  
but will meet you at the Chamber of Commerce  
or at any place.*

*P. Pifer*

*R. D.*
