Col. Henry R. Dosch;

Of course many are congratulating you upon your apointment, but I was the first to recommend you as Director General: This Mr. WM. Ladd can tell you. Goode is a good man but I wanted you, and don't care who knows it; the records show.

Now, it seems strange that an exposition is exploited in this country without my being connected with it.

Am ready to give my whole time to the success of the '05 Fair, and would like to have you tell me where and when I can see you.

Sincerely Yours,

R. W. Mitchell
