ST. LOUIS, U. S. A.

Feb. 16, 1904

Mr. Henry E. Doesch,

Portland, Oregon.

Dear Sir:-

My attention has been drawn to letter which gives the information that you have been appointed as Director of Exhibits of the Lewis and Clark Centennial Exposition and I hasten to offer you my congratulations on the appointment.

When I saw you here some months since I understood you to say that you would not be connected with the Lewis and Clark Centennial and therefore the information above referred to is very surprising because unlooked for.

It shall be my duty and pleasure to serve the Lewis and Clark Centennial jointly with you, and no doubt we shall do so most harmoniously and I trust to the greatest advantage of the Fair.

I suppose you will be down here a time or two during the period of the Louisiana Purchase Exposition, is it not so?

Yours very truly,

JW/CT
