Hon. Wilbur K. Newell,  
Dilley, Oregon.

My Dear Mr. Newell:

Your portrait in the Evening Telegram of June 28th, was the first intimation I had that Washington County had honored itself by electing you a representative to the State Legislature, a position which you do not only deserve, but I know you will fill it with honor and credit to yourself and your friends, among whom I want you to consider "mine self". Allow me to extend to you my sincere congratulations and shake you by the hands in spirit, if not in person, and I sincerely trust that the public political career you have entered upon may continue through the Senate to the Governor's chair, and none of your friends would be more rejoiced than I.

I add my kindest regards to Mrs. Newell and yourself, and I am,

Ever your friend,
