

Jan. 30, 1906.

Mr. Takesaburo Tange,  
C/ Hon. H. B. Miller,  
American Consul-General,  
Yokohama, Japan.

My dear Sir,-

I have been informed through our mutual friend, Mr. Miller, of a package which you were kind enough to send to me and I beg to acknowledge its receipt by the last Steamer Aragonia from Japan. Upon opening the case I was more than surprised to see the beautiful table on account of its most artistic, unique and beautiful work, and I assure you that this token of friendship is most highly appreciated. My entire family joins me in thanking you for this kind remembrance. I never saw anything more artistic in the way of a piece of furniture as it combines the beautiful iris as it springs from the ground, rises up and then forms a beautiful flower on top, producing the table itself.

Again, accept my thanks and best wishes for this kind remembrance by you, and believe me to be most  
Cordially yours,

D  
Director of Exhibits.
