Hon. Col. Henry H. Doseh  
Director of Exhibits  
Lewis & Clark Exp.

My dear Colonel Doseh,

Portland, Ore.

Your favor of Jan. 25<sup>th</sup> reached me in Florence where I arrived some days ago since a very pleasant trip across the Ocean.

I was surprised to hear that the diploma awarded to Miss Enrichetta Giuntoli from Florence, was delivered in Portland. Of course it was a great mistake because Miss Giuntoli have not across the ocean once and she never left Florence where she live. Perhaps you mistake with another Italian lady which have awarded a gold medal, Mrs. Zucca - and she was really in Portland.

You will oblige me very much if you will send to me, at the above address, a duplicity of her diploma and as per your inquire I enclose the original card returned to me by Miss Giuntoli.

As you will read on the English paper I have sent  
you from Florence, I went in Rome where I have  
had an interview with H. E. The Minister of  
Agriculture, and I am very glad to tell you  
that he gave to me very encouraging words  
about you. So I hope to obtain what we  
talk in Parliament. But is a question that cannot  
be decided soon and I will communicate further  
with you.

I am writing now the medals and when  
I will receive it I will have another private audience  
with the Minister, and then I hope will be able  
to settle everything.

I received a very funny letter from my associate  
of bad memory for me, and the poor fellow  
was disappointed because you do not send  
to him the Diplomas!!!

What do you think about? What Mr. Good think?  
With kindest compliments to Mrs & the Misses Losch  
believe me, my dear Colonel

Very sincerely yours

Pardon me for my poor English - and I hope you can understand me -
