Dear Sir:

Herewith draft for \$5.00 paying our annual dues. We have written the President of the Association concerning an exhibit of Teas under the auspices of the National Tea Association at our Lewis & Clark Exposition in 1905. We trust that the officials of the Association will take this matter up vigorously and not let it go by default as they were compelled to do at St Louis.

Trusting you will yourself give it some personal attention, we are,
