Dear Sir:

We beg to acknowledge receipt of your favors of Oct. 19th and 23rd, and must plead a continual absence of the writer from his desk since their arrival as our excuse for the delay in their acknowledgment.

The fact that your Honorable Jury has decided to award our exhibit a gold medal, is a source of keen gratification to us and we beg to express our thanks for and appreciation of your consideration. This award, we are sure, will be of value to us in strengthening our display as a advertising medium.

With best wishes, we are,

Yours very truly,
