Chairman of the Committee  
Portland Ore

I am addressing you in regard to my  
gold medal that was awarded me as my  
Book, at the Lewis and Clark Fair.

I received my Diploma that calls for a gold  
medal, I waited so long thinking it would  
shurly come when they got to it, as the  
work was very great, I did not wish to bother  
them, when I decided something was wrong  
the medal was lost or, I would have  
received it, as I saw in the papers that  
they had finished my thing up. nothing  
came, when I try to find some one to  
ask about it, could find no one.  
I have written to Mr Jefferson Myers  
as I am personally acquainted with him,  
he gave me your adress and said he  
thought I would have no trouble in  
getting my medal I wish so much you  
would tell me something about this,  
what I can do about it. Mrs R. B. Webb
